President Hosni Mubarak
Cairo

The Islamic Council wishes to draw your attention to the winds of freedom and democracy gathering in the world. In several countries they have triumphed over the forces of oppression and tyranny and made them retreat in ignominy. The latest eye-openers are the smashing of the Berlin Wall by forces of freedom and democracy and the victory of the Islamic Movement in Jordan.

We once again urge you to see the writing on the wall and lift the state of emergency, release political prisoners and respect peoples' human rights and aspirations before it is too late.
